**We call on you the name of humanity and human rights
for the immediate future move**

**((Gaza under siege burning))
((Israel was engaged in genocide against the Palestinians))
((Israel does not respect human rights and international
resolutions))**

Act now before it is too late Urge you to move

Background of the campaign:

Israeli authorities declined to meet the obligations of methodology "Israel" under international law to stop its violations of human rights, and abstained from those responsible for crimes against humanity and the perpetrators brought to justice, and today the occupation authorities still practiced genocide against the Palestinians in the Gaza Strip on the eyes and ears around the world During the siege of the third justification for the sector with the indifference of the international reports and appeals for lifting the siege on Gaza immediately Moreover, the Israeli army operations carried out large-scale destruction of Palestinian homes, lands and properties in various parts of the occupied territories and continued building and expansion of Israeli settlements (illegal under international law) in Jerusalem and the West Bank, also, the Israeli authorities to build a wall along the 600 kilometers through the territory West Bank, isolating Palestinian farmers from their land, and imposing further restrictions on the movement of Palestinians to and from their villages and the occupation authorities are still continuing to build despite the wide condemnation of the wall called the wall of apartheid.

Declaration:

Declare Arab organizations and institutions, regional and international human rights and personalities that signed such a petition to start an international advocacy campaign to demand the first lifting of the unjust non-human from the Gaza Strip under the title: ((**million and a half million people live oppression, poverty, ignorance and deprivation in the Gaza Strip**))), the second to urge its demands Gentlemen names mentioned above to move to the leadership of the so-called state of "Israel" for the International Criminal Tribunal for all involved in hostile acts against the human genocide and crimes against humanity.

The campaign calls upon all the above-mentioned gentlemen non-aligned or cover up to protect "Israel" and imposed on the occupation authorities to implement all resolutions and international conventions, in particular resolutions on the protection and respect for human rights ... As of resolution 149 which includes the right of return of Palestinian refugees to their homes and lands, which left them forcibly under the crimes and massacres committed by the leadership of "Israel" during the time in 1948 and is still committed to this day without any accountant for those crimes and violations hurt the conscience of humanity.

Letter:

- We are signatories to this campaign organizations and institutions, activists and human rights defenders in the world call all of the following: the Human Rights Council, the UN Security Council, UN General Assembly, the presidency of the European Union, League of Arab States, Organization of the Islamic Conference, Organization of Non-Aligned .

Move to hold special meetings contribute to the lifting of the siege on Gaza and its inhabitants because of the dangerous situation in the Palestinian territories through a policy of impunity and genocide carried out by "Israel" against the Palestinians, as we Nhdhirkm of a humanitarian catastrophe has aimed "Israel" an international cover, you yourself, Remember that the destruction of property as the "Israel" hostile work on a large scale military carried out unlawfully and wantonly constitutes a grave breach of the Fourth Geneva Convention (Article 147), thus making this become a war crime requires you to pursue the perpetrators and exporters of orders and hold them accountable.

As you and you are obliged to pursue masters accused of committing such grave breaches or ordering out by, and bring them to justice regardless of their nationality (Article 146), and if you do, you have to hand over such persons to the contracting party on the last trial, the Fourth Geneva Convention prohibits You explicitly enter into any agreements with other countries would be resolved by this commitment (Article 148).

- We also presidents and kings and princes Arabs, and Arab and European governments and foreign and Arab foreign ministers and the international community and Arab all classes, and the ambassadors of Arab countries around the world, and urge you to act immediately against the policy of "Israel" racism, and forced to stop its crimes against the Palestinians and lift its siege of Gaza immediately, the Israeli siege on the Gaza Strip into a big prison. No one can even leave to receive medical care or study abroad, and most of what is needed is not available to civilians in Gaza ... It is a matter of fact faced by civilians, with the profile of a dark future for them, then know that the Israeli siege does not target Palestinian militant groups responsible for suicide bombings and calls, but collectively punished the entire population of Gaza.

O People of strange silence .. The Smack understanding "of Israel" as a green light for plotting against the Palestinian people, but Smack strange blessing of hostilities, Israeli and reassuring them, there are many manifestations of the Israeli aggression on Gaza and the West Bank and the Palestinian people and groaning in pain, why not

Taathrcn in support of the people are being slaughtered every day before your eyes Move the name of humanity moved before it is too late.

- go to our Palestinian President Mahmoud Abbas and Egyptian President Hosni Mubarak and Jordanian King Abdullah II, with appreciation to go hard to move lifting the siege on Gaza and open the crossings as soon as possible and political action to urge the international community to put pressure on "Israel" to stop the crimes, including the siege imposed on the Palestinian people.

**Please accept my sincere respect and appreciation
